For Parts, The truck is a 1997 Nissan Hardbody with 174k but going up because we use it. It runs good, there is no major problems with it, only that it's leaking from the valve cover because whoever did the job before we owned it, didn't put a half moon plug on it. But it's an easy thing to fix. The check engine light just came on for a EGR valve code, honestly that's all.
