Democracy And Its Critics By

Deliberative democracy makes room for many other forms of decision-making (including bargaining among groups, and secret operations ordered by executives), as long as the use of these forms themselves is justified at some point in a deliberative process. Its first and most important characteristic, then, is its reason-giving requirement.

What Deliberative Democracy Means - Princeton University

Social democracy is a political, social, and economic philosophy within socialism that supports political and economic democracy. As a policy regime, it is described by academics as advocating economic and social interventions to promote social justice within the framework of a liberal-democratic polity and a capitalist-oriented mixed economy. The protocols and norms used to accomplish this ...

Social democracy - Wikipedia

The key difference between a democracy and a republic lies in the limits placed on government by the law, which has implications for minority rights. Both forms of government tend to use a representational system — i.e., citizens vote to elect politicians to represent their interests and form the government. In a republic, a constitution or charter of rights protects certain inalienable ...
