JAVA 9 (aka jdk 1.9) is a major release of JAVA programming language development. Its initial version was released on 21 Sep 2017. The main goals of Java 9 release are – To make JDK and Java Standard Edition platform modular based in the sense that it can be scaled down to small computing devices well.

### **Java 9 - Overview - Tutorialspoint**

In Java 7, the try-with-resources syntax requires a fresh variable to be declared for each resource being managed by the statement.. In Java 9 there is an additional refinement: if the resource is referenced by a final or effectively final variable, a try-with-resources statement can manage a resource without a new variable being declared:
