Q: Skills for Success Level 2 - Oxford University Press

When it comes to academic achievement, intelligence is an important factor. In fact, we are often led to believe that the only way to succeed is to be blessed with an exceptional IQ. However, research has found that while intellect is a significant factor in predicting success, it is certainly not the only — or even the most important — one.

Each time you read a text again you'll pick up something new, retain more information and find it easier to understand. It's not uncommon to read the same passage from a textbook several times before you're able to fully understand and retain the information. Search for keywords. Read sentences removing the adjectives and adverbs.
