In 1869 with a new sawmill we took a step into the world of modern forest products. In 1963 we began manufacturing paperboard. Since then we have acquired more than half a century of profound knowledge of specifying, printing, converting and using paperboard. We have the know-how. A lot of it, actually.

Clearwater Paper Corporation - About Us - Locations

The product difference is right there in the name. Converted chipboard - which is what Badger offers - has already gone through the papermaking process of 'converting' wood

Download Ebook Paper Paperboard

Manufacturing
pulp into paper,

whereas manufactured
chipboard is using
excess wood materials
- wood chips, sawdust,
etc. - to 'manufacture'
a product similar to its
origin.
