### Scuba Regulator Maintenance And Repair

Scuba diving is a mode of underwater diving whereby divers use breathing equipment that is completely independent of a surface air supply. The name "scuba", an acronym for "Self-Contained Underwater Breathing Apparatus", was coined by Christian J. Lambertsen in a patent submitted in 1952.Scuba divers carry their own source of breathing gas, usually compressed air, affording them greater ...

Terminology. The term "diving cylinder" tends to be used by gas equipment engineers, manufacturers, support professionals, and divers speaking British English. "Scuba tank" or "diving tank" is more often used colloquially by non-professionals and native speakers of American English.The term "oxygen tank" is commonly used by non-divers; however, this is a misnomer since these cylinders ...
