Winter starts ...

Season Definition: When Do They Start?

Seasons divide the year into four distinct periods of time named Spring, Summer, Autumn/Fall, and Winter. Each season brings different weather, hours of light, and plant/animal behaviors. The seasons are brought about by the yearly orbit of the earth around the sun and the tilt of the earth's axis. Below are the astronomical dates for the calendar year 2020 for both the northern and southern hemispheres.

One simple avenue that can assist in tracking the seasons of the church year for worshippers, as well as providing a visual context for worship, is the use of Colors of the Church Year in the sanctuary. Different colors are associated with different seasons, and the changing colors of communion table and pulpit coverings (called paraments), or wall banners, provide visual clues for the seasons.
