The Case Against Sugar review - an unsweetened attack on ...

The Case Against Sugar (2016) offers a critical look at how the sugar industry has grown ever stronger despite medical data showing that it can be harmful to our health. Find out how this happened, and how critics have been silenced and ridiculed despite overwhelming evidence that this one ingredient can be linked to many of the most serious diseases in the Western world.

The Case Against Sugar by Gary Taubes - Blinkist

The case against sugar holds that this condition in turn can make us fat, and also diabetic, and prone to heart disease, cancer, gout, and the rest.

Review: 'The Case Against Sugar,' by Gary Taubes - The ...

The Case Against Sugar is a journey through sugar history and science that is heavily distorted through the lens of Taubes's personal beliefs. By this metric, it is not journalism, but advocacy. To a general audience that has little basis for evaluating its claims, the book will be misleading.

Bad sugar or bad journalism? An expert review of “The Case ...
