The Pleasure Instinct : Why We Crave Adventure, Chocolate ...

Judging others is a natural instinct, and we are all a little judgmental at times. For the most part, we are doing so for survival. We want to surround ourselves with people whom we can trust because it makes us feel safe and secure. We push away those we deem untrustworthy because we fear they may harm us.

Pleasure principle (psychology) - Wikipedia

These include the sexual instinct and the fight or flight impulses. They're generally equitable to the survival instinct. Pleasure instincts. Their objective is to provide the highest level of well-being to the human being and they're a refinement of the human survival instincts. For example, you don't just drink water to survive.

The ABCs of Human Instincts - Exploring your mind

In Freud's view, the compulsion to repeat was "something that would seem more primitive, more elementary, more instinctual than the pleasure principle which it overrides." He further proposed that the death instincts were an extension of that compulsion wherein all living organisms have an instinctive "pressure toward death" that stands in stark contrast to the

Freud's Theories of Life and Death Instincts

In Freud's psychoanalytic theory of personality, the pleasure principle is the driving force of the id that seeks immediate gratification of all needs, wants, and urges. In other words, the pleasure principle strives to fulfill our most basic and primitive urges, including hunger, thirst, anger, and sex.
