My Passport User Manual

I believe Western Digital has a small disclaimer in the passport manual as a warning that forgetting the password will leave the drive locked up and unavailable for use. This being said, I am sorry if this is a frustrating experience for you. I hope the best! OR you need a password recovery tool, choose amongst the list: HDD Unlock Wizard ...

Forgot my WD My Passport drive password - WD Community

The WD TV is a consumer device that was produced by Western Digital which plays videos, images, and music from USB drives or network locations. The device was introduced in 2008 and played high-definition video through an HDMI port, and standard video through composite video cables. The device had support for most common video and audio formats. The WD TV was discontinued as of August 2016.
